

# Nickel alloys

MECARTIS INDUSTRIES offers one of the largest inventories of nickel alloys.

We propose plates in thicknesses ranging from 2 mm to 50 mm and up to 2000 mm x 6000 mm in format.

Our ability to process by laser 7kW , plasma , waterjet and saw and deliver near net shaped parts with quick turnaround allows us to provide our customers with lost cost solutions..

W. Nr.	UNS	EN	ASTM plates	Max. Thickness in stock (mm)	VDM Alloy
1.3912	K93600	Ni36	B388	-	36
1.4529*	N08926	X1NiCrMoCuN25-20-7	B625	50	926
1.4562	N08031	X1NiCrMoCu32-28-7	B625	-	31
